

# College of Business

UNIVERSITY OF COLORADO COLORADO SPRINGS

## WHO WE ARE

The College of Business at UCCS is committed to building successful futures for students, faculty, staff and all stakeholders. A keystone of the college is a commitment to the Daniels Fund Ethics Initiative Collegiate Program, which provides a framework for ethical decision-making and instruction. Students receive their education from nationally and internationally recognized faculty, who use real-world experience and hands-on research to prepare students for the workplace. **We are in the business of building successful futures™.**

of education and service to the Colorado community

## HOW WE STAND OUT

30 years of prestigious accreditation by **AACSB International** places us among the world's top business schools.

The **Daniels Fund Ethics Initiative Collegiate Program** provides principle-based ethics education to students, educators and the business community throughout southern Colorado. Since 2016, the DFEI at UCCS has served over 36,600 students through the **Southern Colorado Ethics Consortium**.

Our career curriculum, the **R.O.A.R. Program**, ensures each undergraduate student seamlessly transitions from college to career through career exploration, preparation, internship placement and mentorship opportunities.

The **UCCS Economic Forum** provides the local community with timely and accurate economic data to help inform business and government decision making and gauge the economic "health" of the region. The Annual Forum attracts over 500 community professionals and leaders from across Colorado Springs.

The **UCCS Sport Management Program** offers unparalleled access to the sport industry by leveraging its location in Colorado Springs, also known as "Olympic City USA," and strong working partnerships with the Denver Nuggets, Colorado Avalanche and Colorado Rapids.

## CYBERSECURITY MANAGEMENT

The College of Business has over \$9.3 million in grant funds to support the education, training, and development of professionals and educators in cybersecurity management. The College of Business also offers emphases and certificates in cybersecurity management at the undergraduate and graduate levels, as well as a new Executive Doctor of Business Administration in Cybersecurity Management.

## MISSION STATEMENT

As a College of Business serving Southern Colorado and beyond we provide a vibrant, challenging, collaborative and responsive learning environment. We offer comprehensive undergraduate degrees, select master's degrees and professional programs that emphasize principle-based ethical decision making. We support innovation and impact in our teaching, research and service.
