UNIVERSITY OF COLORADO COLORADO SPRINGS

Minors in Business - For Non-Business Undergraduate Majors

Students admitted to non-business undergraduate degree programs may elect to pursue a minor in business. Non-business students are eligible to obtain a minor in business as long as they meet the College of Business admission guidelines. Students must have a 2.7 cumulative CU GPA and have successfully passed ENGL 1310 and one college level math course (MATH 1030/1040 is the lowest level math course accepted for this requirement).

Each business minor requires 21 credit hours. Each minor requires three business minor core courses (ECON 1010 Introduction to Microeconomics, BUAD 1000 Introduction to Business, and ACCT 2010 Introduction to Financial Accounting) and four minor subject courses (these courses depend on the declared minor).

To earn the minor, students must complete a minimum of 9 credit hours in residence at UCCS to include the minor subject courses. For example, the upper division accounting courses must be completed at UCCS. Also, minor courses must be completed with a C- or better for the course to count towards the minor, and the minor requires a cumulative minor GPA of a 2.5. *All course attempts are included in the minor GPA, but students may be eligible for [Grade Forgiveness](#).*

All course prerequisites will be strictly enforced by the College of Business, and it is the student's responsibility to satisfy all course prerequisites.

Accounting (ACCT)*

Business Minor Core Courses
