The University of Colorado Colorado Springs, along with the College of Business, was established in 1965. The College, which is accredited by The Association to Advance Collegiate Schools of Business (AACSB International), awards the Bachelor of Science in Business degree. The PGA Golf Management option is accredited by the Professional Golfers’ Association of America.

AACSB Degree Requirements
All students in AACSB accredited programs must complete a minimum of 45 credits in business.

GENERAL REQUIREMENTS
All students enrolled in the College of Business are subject to academic policies and procedures as outlined in the University of Colorado Colorado Springs Academic Catalog. Please read the 2022-2023 Catalog carefully.

The undergraduate degree requires 120 semester (credit) hours with courses covering general education, general business, and specific areas of interest (emphases/minors).

Upper-division Hours: A minimum of 45 credits must be upper-division (3000 or 4000-level) course work.

Residency: Candidates for the BS in Business must complete a minimum of 30 credits of course work (to include the 18 credits in the area of emphasis and BGSO 4000 & STRT 4500) as a College of Business student.

Transfer Students. A maximum of 60 semester hours of appropriate academic credit taken at a junior or community college may be applied toward the undergraduate degree in business. However, the PGA Golf Management Program requires students to progress through their PGA education activities in cohort with their class.

The College reserves the right to disallow any transfer credit that is not appropriate academic degree credit. The College does not allow students to pursue a second bachelor’s degree in business.

All students in AACSB Accredited programs must complete a minimum of 45 credits in business.

The College of Business divides the curriculum into two components: Skills Courses and the Professional Program.

Skills courses are completed in the freshman and sophomore years and provide students with a foundational knowledge of business skills and competencies. Skills courses must be completed with a C- or better and are the following courses: ACCT 2010, ACCT 2020, ECON 1010, ECON 2020, Core Writing Course, MATH 1040, MATH 1120, QUAN 2010, and QUAN 2020.

Upon the successful completion of the freshman and sophomore years, business students move on to the Professional Program. The Professional Program gives students the opportunity to gain knowledge of core business concepts but also allows students a focused area of study in their chosen emphasis. The Professional Program consists of the Junior Core classes (FNCE 3050, MGMT 3300, MKTG 3000, INFS 3000 and OPTM 3000), an emphasis (18 hours - courses depend on student’s choice) and two Senior Capstone courses (BGSO 4000 and STRT 4500).

All Professional Program courses, including the PGA Golf Management requirements, must be completed with a C- or better.

Emphasis students must maintain the following criteria:
- 2.0 cumulative CU GPA
- 2.5 College of Business GPA
- 2.5 Area of Emphasis GPA
- Completion of all skills, junior core, capstone, and emphasis courses with no grade below C-

Students not meeting the above criteria will not graduate with a Professional Program Area of Emphasis but may qualify for a General Business degree if their cumulative CU and Business GPAs are at least a 2.0.
The following four-and-a-half-year plan requires completion of 120 academic credit hours and lists all specific course requirements for the Bachelor of Science in Business degree. PGA Golf Management students should closely follow this model degree program in order to remain on pace with their cohort group for PGA examinations. Normal degree progress in the College of Business requires students to complete the program requirements in freshman, sophomore, junior, and senior sequence. Course pre-requisites, co-requisites, and class standing requirements are enforced in the College of Business. Note that PGA Golf Management courses are offered only in the specified semesters.

PGA GOLF MANAGEMENT PROGRAM INFORMATION

Successful applicants to the PGA Golf Management Program must have a handicap of twelve or less as validated by a USGA handicap card (or equivalent) or a letter signed by a PGA Professional or a high school or college coach attesting that the individual is playing to a level characterized by a specific handicap of twelve or less. All representations of handicaps or playing ability are subject to verification by the PGA Golf Management Program Director.

In addition to academic coursework and internships, PGA Golf Management students must enroll in the PGA’s education program and complete all four testing levels on schedule per the model degree. This portion of the program requires additional payments to the PGA that are included as fees on certain PGMT courses. PGA Golf Management students also must pass the Playing Ability Test, preferably by the end of their junior year.

Students may choose any area of emphasis offered by the College of Business. The emphasis options are Accounting, Business Administration, Cybersecurity Management, Finance, Human Resources Management, Information Systems, International Business, Marketing, Management, and Service Management. Each area requires 18-24 hours of specific coursework.

Please see a Business Advisor in Academic Advising for specific details regarding emphasis options and requirements.

---

**PROFESSIONAL STANDARDS**

- Meet published playing requirements every semester.
- Meet published participation requirements every semester.
- Receive at least an Average evaluation for all internships and cooperative learning assignments.
- Maintain professional demeanor in all activities.

**PLAYING ABILITY TEST (PAT)**

Completed (students are strongly encouraged to pass the PAT before PGMT 4100).

**INTERNSHIPS**

Internships must be completed on schedule. Students must apply for internships using procedures established by the Internship Coordinator, which require filing an application no less than four months before the internship start date. All placements are arranged by the Coordinator. Students must complete internships in two or more different settings, with one at a “green grass” facility. Interns will provide periodic reports and a final report summarizing their experience to the Coordinator. Students must work at approved internship sites; those who wish to add new facilities should nominate them at least six months before the internship start date. Students will provide a current résumé (including references) to the Coordinator before or upon applying for an assignment.

**PGA EDUCATION PROGRAM**

- Qualifying Examination (completed in the Fall semester of the First year)
- 1st Level Examinations (completed by the end of the Fall semester of the Second year)
- 2nd Level Examinations (completed by the end of the Fall semester of the Third year)
- 3rd Level Examinations (completed by the end of the Fall semester of the Fourth year)

Students who do not complete the examinations on schedule may have to take them at the PGA Education Center in Florida or other locations at their own expense. Failing to meet academic or professional PGA Golf Management Program standards may lead to probation or suspension.

Please note that the PGA may change its program requirements without prior notice given to UCCS and students. These changes do not affect academic degree requirements, but may affect how the PGA requirements are fulfilled.

**ROAR Program Overview:**

*Relationships • Opportunities • Acumen • Readiness*

[https://business.uccs.edu/resources/career-development-center/ROAR](https://business.uccs.edu/resources/career-development-center/ROAR)

**Purpose**

The purpose of the ROAR program is to prepare undergraduate College of Business students for their transition from college to career. The program focuses on career exploration, career planning, professionalism, networking, and mentorship. The goal of the ROAR program is for students to seamlessly transition from their academic careers as College of Business students to careers as business professionals.

**Goals**

1. Provide students with an in-depth understanding of their interests, skills, and values, and how these match to specific jobs and professions.
2. Give students hands-on experience on how to write cover letters and resumes, practice effective interviewing techniques, develop effective job-hunting skills, and refine the art of building a professional network.
3. Immerse students in experiential learning opportunities to gain real world experience prior to graduation. This may include internships, service-learning and volunteer opportunities, co-ops, and part-time employment.
4. Help students converse, interact, and dress in a professional manner with a focus on professional etiquette.
5. Provide rich mentorship opportunities that connect students with industry professionals.
6. Provide students with tools to successfully transition from the College of Business to a career as a business professional.

*PGA Golf Management students will meet the ROAR program requirements through PGMT coursework already built into the PGA Program.*
