2023-2024 CYBERSECURITY MANAGEMENT MODEL DEGREE PROGRAM

The following four-year plan lists all the specific course requirements for the Bachelor of Science in Business degree with an emphasis in Cybersecurity Management. The order in which these courses are taken may vary with course availability. However, normal degree progress in the College of Business requires that students complete the degree in a freshman, sophomore, junior, senior sequence.

Students are responsible for completing all course prerequisites; prerequisites are strictly enforced.

All skills, junior core, senior capstone and emphasis courses must be completed with a C- or better. *All classes are presumed to be 3 credits unless noted*.

CYSM 4500 - Ethical Hacking

CYSM 4700 – Cloud Computing

requirements.
