

BUSINESS ETHICS CASE ASSIGNMENT

For this assignment, you will research a business decision that had ethical implications. Please then connect the business decision to one or more of the Daniels Fund Ethics Initiative ("DFEI") Principles, which are found here:

https://www.danielsfund.org/images/Files/Daniels_Fund_Ethics_Initiative_Principles.pdf (Links to an external site.)

Please submit a written summary of the business decision you identified, and its connection to one or more of the DFEI Principles. The summary should be at least two pages, typewritten, in 12-point font. Sources must be properly cited (you may use any recognized citation style such as APA, MLA, or Bluebook).

The assignment is worth 30 points. Ten points are allocated for summarizing a business decision that had ethical implications. Ten points are allocated for connecting the business decision to one or more of the DFEI Principles, and ten points are allocated for professional presentation (including spelling, grammar, and citations).
